

## Profi Aminoral

### Concentrate

### Feed supplement for horses

Powerful and tough muscles are essential for successful sport. Only muscles with a good blood circulation can develop properly and help the horse to build strength and stamina. With the addition of high-quality essential amino acids like lysine and methionine, Profi Aminoral supports the healthy and even development of supple and flexible muscles without adding additional energy. Profi Aminoral supports the maintenance and functions of the muscular apparatus which leads to a significant improvement in the performance of your horse. Therefore, the use of Profi Aminoral is especially recommended for the use during intensive training periods in sports horses. The combination of inorganic and organically bound trace elements actively supports the metabolic processes because high performance can only be achieved with an optimally functioning metabolism. Profi Aminoral is particularly suitable for use with coat changing problems, or performance horses in need of an especially shiny and satin-like coat. Due to the high-quality amino acids, it is also recommended for lactating mares, and provides stallions with the basis for best quality sperm.

The benefits at a glance:

- low dosage
- with amino acids lysine & methionine
- supports muscle development
- with organically bound trace elements
- optimises your horse's rideability

### Recommended feeding:

#### Feeding recommendation:

20 g per 100 kg body weight per day

one measuring = approx. 50 g

In intensive training phases the amount can increase up to 40 g per 100 kg body weight.

**Composition:** 89,9 % Soybeans (toasted), 7,10 % Fruit (apple) pomace dried, 0,40 % Magnesium oxide

prececal digestible protein (pcvRp): 240,2 g/kg  
Metabolizable energy (MJ ME): 13,2 MJ ME/kg

**Analytical constituents and levels:** 32,20 % Crude protein, 16,90 % Raw fat, 6,50 % Crude fibre, 5,90 % Crude ash, 0,50 % Calcium, 0,60 % Phosphorus, 0,25 % Magnesium, 2,00 % Lysine, 1,00 % Methionine, 4,50 % Starch, 7,70 % Sugar

**Additives per kg:** 24.000 I.E. Vitamin A (3a672a) <sup>NA</sup>, 2.400 I.E.
