

Profi Magnesium

Concentrate

Feed supplement for horses

With magnesium deficiencies, heart and skeletal muscles lose their performance capability. Therefore, magnesium is an extremely important factor in the metabolism of nerves and muscles. High levels of physical stress can also lead to deficiencies.

The benefits at a glance:

- low dosage
- with highly-efficient organically bound magnesium (magnesium fumarate), tryptophan and B vitamins
- prevents deficiencies, and promotes more relaxed muscles
- may help nervous or spooky horses to relax
- for relaxation and concentration in stressful situations

Recommended feeding:

Feeding recommendation:

foals & ponies: 10 g per day
light horses: 15 g per day
larger horses: 25 g per day

1 measuring spoon = 20 g

This product may not be used during competitions! (FN/FEI). DOPING RELEVANT due to tryptophan (FN 48h waiting time)!

Composition: 26,0 % Wheat middlings, 26,0 % Wheat semolina, 15,2 % Magnesium oxide, 15,2 % Magnesium fumarate, 4,0 % Sunflower oil

Analytical constituents and levels: 22,90 % Crude ash, 10,00 % Magnesium, 1,70 % Calcium, 0,10 % Sodium

Additives per kg: 2.000,00 mg Vitamin B1 (3a821) ^{NA}, 1.000,00 mg Vitamin B2 (3a825i) ^{NA}, 2.500,00 mg Vitamin B6 as pyridoxine hydrochloride (3a831) ^{NA}, 300.000,00 mcg Vitamin B12 (3a835), 4.000,00 mg Niacin (3a314) ^{NA}, 80.000,00 mg L-tryptophan (3c441) ^{NA}
