

Profi Biotin Plus

Concentrate

Feed supplement for horses

Its effectiveness is scientifically proven as a supporting substance for brittle and dry hooves, bad horn quality and a dull coat. Biotin enhances the maturation of keratinocytes. Thus, the horn formation is stimulated, and the cohesion of the hoof horn is substantially improved.

The benefits at a glance:

- low dosage
- with zinc in organic form, vitamin E, vitamin B6 & selenium for increased efficacy
- improved hoof growth & structure
- promotes the elasticity of the hooves
- increases the resistance of the skin and supports skin metabolism

Recommended feeding:

Feeding recommendation:

foals & ponies: 10 g per day (1/2 measuring cup)
light horses: 20 g per day (1 measuring cup)
larger horses: 25 g per day (1.25 measuring cup)

Composition: 40,0 % Barley, 27,0 % Wheat bran, 4,4 % Sugar beet molasses

Analytical constituents and levels: 14,10 % Crude protein, 2,20 % Raw fat, 5,50 % Crude fibre, 15,70 % Crude ash, 1,10 % Magnesium, 4,00 % Calcium, 0,45 % Phosphorus

Additives per kg: 6.250,00 mg Vitamin E (3a700i) ^{NA}, 1.200,00 mg Vitamin B6 as pyridoxine hydrochloride (3a831) ^{NA}, 2.500.000,00 mcg Biotin (3a880) ^{NA}, 3.000,00 mg Zinc oxide (3b603) ^{NA}, 7.500,00 mg Glycine-zinc chelate hydrate (3b607) ^{NA}, 1.000,00 mg Copper (3b405) (copper (II) sulphate, pentahydrate) ^{NA}, 15,00 mg Selenium (3b801) (sodium selenite) ^{NA}, 14.000,00 mg L-lysine monohydrochloride, techn. pure (3c322) ^{NA}, 50.200,00 mg DL-methionine, techn. pure (3c301) ^{NA}, 1.429,00 mg Propionsäure aus Calciumpropionat (1a282) ^{TA}
