Feeding recommendation:

Our Carnebello Lamb Ears is no complete feed for daily use, but you can offer it several times per week to support the dental hygiene of your dog. Please don't forget to offer enough fresh drinking water and even if lamb ears are generally considered safe, never feed without supervision, to ensure your dog doesn't swallow the whole last bit and choke.

As we are offering a completely natural product, the chews can vary in colour, form or size.
